I. INTRODUCTION AND OVERVIEW

Developed by property owners, the San Pedro Historic Waterfront Property and Business Improvement District (SPHWBID) is a benefit assessment district which was established in 2008. The District has reached the end of its initial five-year term; property owners now wish to renew the SPHWBID to continue funding vital services.

Location: The SPHWBID is generally bounded on the west by S Pacific Avenue (including parcels fronting the western edge of S Pacific Avenue) and on the east by the San Pedro-Avalon water line. Parcels located west of Harbor Boulevard are generally bounded to the north by W 3rd Street and to the south by portions of W 10th Street, W 9th Street, and W 8th Street, with parcels east of S Beacon Street and west of S Harbor Boulevard extending south to W 14th Street. Parcels located east of Harbor Boulevard are generally bounded to the north by the northern boundary of APN 7440-024-911 (Map ID 1) and to the south by the southern boundary of APNs 7440-031-904 (Map ID 16), 7440-031-806 (Map ID 15), 7440-031-910 (Map ID 17), and 7440-031-911 (Map ID 18). For a detailed description of the District boundaries, see Section III.

Services: The SPHWBID will provide services to individually-assessed parcels within the District. Services will not be provided outside the District boundaries. The services which will provide special benefit to individually-assessed parcels may include, but are not limited to:

- Pedestrian and tourist ambassador services;
- Sanitation, cleaning, and beautification;
- Marketing, promotions and waterfront special events;
- New business attraction for the district;
- Homeless services coordination; and
- Policy development, District management, and administration.

Budget: The SPHWBID budget for the first year of operation is \$987,418.42 with a maximum increase of 3% per year for the District's five (5) years of operation.

Financing: The district's source of financing will be special assessments levied on individually-assessed benefitting parcels within its boundaries. Commercially zoned parcels within the District will be assessed. Residential parcels zoned RD4 or higher will also receive and benefit from District services. The District will be divided into three benefit zones with assessment rates based upon parcel use and services provided to each benefit zone. The assessment rates for each benefit zone are shown in the table on the following page. For a detailed discussion on rates and benefits supporting these rates, see Section V.

San Pedro Historic Waterfront BID Initial Annual Assessment Rates		
Parcel Use Benefit Zone	Parcel Rate (\$/sqft/yr)	Building Rate (\$/sqft/yr)
Commercially-Zoned Parcels		
Zone 1A	\$0.10610	\$0.15390
Zone 1B	\$0.05303	\$0.07700
Zone 2	\$0.00000	\$0.05500
Residentially-Zoned (RD 4 or higher) Parcels		
Zone 1A	\$0.10610	\$0.07700
Parcels with Right-of-Way, Residential (RD1.5 to RD3), or Agricultural Uses in any Zone		Not Assessed

Renewal: SPHWBID renewal requires submittal of petitions from property owners representing at least 50% of the total assessment and a ballot vote in which 50% or more of the ballots returned, weighted by assessment, to be in support of the renewed assessment.

Timetable: The renewed SPHWBID will have a five-year life beginning January 1, 2013 and ending December 31, 2017. After five years, the petition process, ballot process, and City Council hearing process must be repeated for the SPHWBID to be re-established.

II. BACKGROUND

A Property and Business Improvement District may provide services, identity formulation, market research, and economic development in addition to those provided by local government. Property and Business Improvement Districts may also provide physical improvements such as entry features, benches, or lighting. These services are concentrated within a distinct geographic area and are paid for by means of a special parcel owner assessment. A Board of Directors representing those who pay the assessment would govern the organization responsible for providing these services.

Property and Business Improvement Districts are proven to work by providing services that improve the overall viability of commercial districts, resulting in higher property values and sales volumes.

The SPHWBID will be renewed pursuant to the “Property and Business Improvement District Law of 1994.” Key provisions of the law include:

- Allows Property and Business Improvement Districts to provide services ranging from security to business liaison to economic development.
- A Property and Business Improvement District is ***designed and governed by those who will pay*** the assessment.
- Petition and ballot support from private property owners paying at least 50% of proposed private property assessments are required to form a Property and Business Improvement District.
- Provides a multi-year life for Property and Business Improvement Districts and requires a new petition and balloting process to renew a District. The SPHWBID will have a five year term.

The “Property and Business Improvement Business District Law of 1994” is provided in Appendix 1 of this document.

III. DISTRICT BOUNDARIES

The District will deliver services along the San Pedro Historic Waterfront commercial corridor. The SPHWBID is generally bounded on the west by S Pacific Avenue (including parcels fronting the western edge of S Pacific Avenue) and on the east by the San Pedro-Avalon water line. Parcels located west of Harbor Boulevard are generally bounded to the north by W 3rd Street and to the south by portions of W 10th Street, W 9th Street, and W 8th Street, with parcels east of S Beacon Street and west of S Harbor Boulevard extending south to W 14th Street. Parcels located east of Harbor Boulevard are generally bounded to the north by the northern boundary of APN 7440-024-911 (Map ID 1) and to the south by the southern boundary of APNs 7440-031-904 (Map ID 16), 7440-031-806 (Map ID 15), 7440-031-910 (Map ID 17), and 7440-031-911 (Map ID 18).

The boundaries of the District are more particularly described as follows:

District Boundary

Beginning at the northwest corner of APN 7451-018-900 (Map ID 20), then east along the south edge of W 3rd Street, across S Pacific Avenue, S Mesa Street, S Centre Street, and S Palos Verdes Street, to S Harbor Boulevard. North along the eastern edge of S Harbor Boulevard to the southwest corner of APN 7440-024-911 (Map ID 1). North along the western boundary and east along the northern boundary of APN 7440-024-911 (Map ID 1) to the San Pedro-Avalon water line.

South along the western edge of the San Pedro-Avalon water line to the southeast corner of APN 7440-031-904 (Map ID 16).

West along the southern boundary of APNs 7440-031-904 (Map ID 16), 7440-031-806 (Map ID 15), 7440-031-910 (Map ID 17), 7440-031-911 (Map ID 18), across S Harbor Boulevard, and continuing west along the southern boundary of APN 7456-012-024 (Map ID 801) to S Beacon Street. North along the eastern edge of S Beacon Street, across W 13th Street, W 12th Street, and W 11th Street, to W 10th Street. West along the northern edge of W 10th Street to S Palos Verdes Street. North along the eastern edge of S Palos Verdes Street to W 9th Street. West along the northern edge of W 9th Street to the southwest corner of APN 7455-023-021 (Map ID 666), then north along the western boundary of parcels fronting the western edge of S Palos Verdes Street to W 8th Street. West along the northern edge of W 8th Street, across S Centre Street, to a point opposite the northeast corner of APN 7455-010-902 (Map ID 197). South along the eastern edge and west along the southern edge of APN 7455-010-902 (Map ID 197) to the northeast corner of APN 7455-010-903 (Map ID 198) to W 9th Street. West along the northern edge of W 9th Street, across S Mesa Street, to the southwest corner of APN 7455-007-016 (Map ID 186). North along the western boundary of APN 7455-007-016 (Map ID 186), then west along the southern boundary of APNs 7455-007-006 (Map ID 183) and 7455-007-020 (Map ID 189) to the northeast corner of APN 7455-009-013 (Map ID 185). South along the eastern boundary of APN 7455-009-013 (Map ID 185) to W 9th Street. West along the northern edge of W 9th Street to a point opposite the northeast corner of APN 7455-008-024 (Map ID 196). South along the eastern boundary of parcels fronting the eastern edge of S Pacific Avenue to W 10th Street. West along the northeast corner of W 10th Street, across S Pacific Avenue, to the southwest corner of APN 7454-011-032 (Map ID 42).

North along the western boundary of parcels fronting the western edge of S Pacific Avenue, across W 9th Street and W 8th Street to W 7th Street. West along the northern edge of W 7th Street to the

southwest corner of APN 7451-037-012 (Map ID 26). North along the western boundary of APN 7451-037-012 (Map ID 26), and continuing north along the western boundary of parcels fronting the western edge of S Pacific Avenue, across W 6th Street, W 5th Street, and W 4th Street, to W 3rd Street, the point of beginning.

Benefit Zones

Zone 1A

Zone 1A includes all parcels within the District boundaries located west of Harbor Boulevard.

Zone 1B

Zone 1B includes all parcels within the District boundaries located east of Harbor Boulevard and south of the northern boundary of APN 7440-030-906 (Map ID 6).

Zone 2

Zone 2 includes all parcels within the District boundaries located east of Harbor Boulevard and north of the southern boundary of APN 7440-026-903 (Map ID 2).

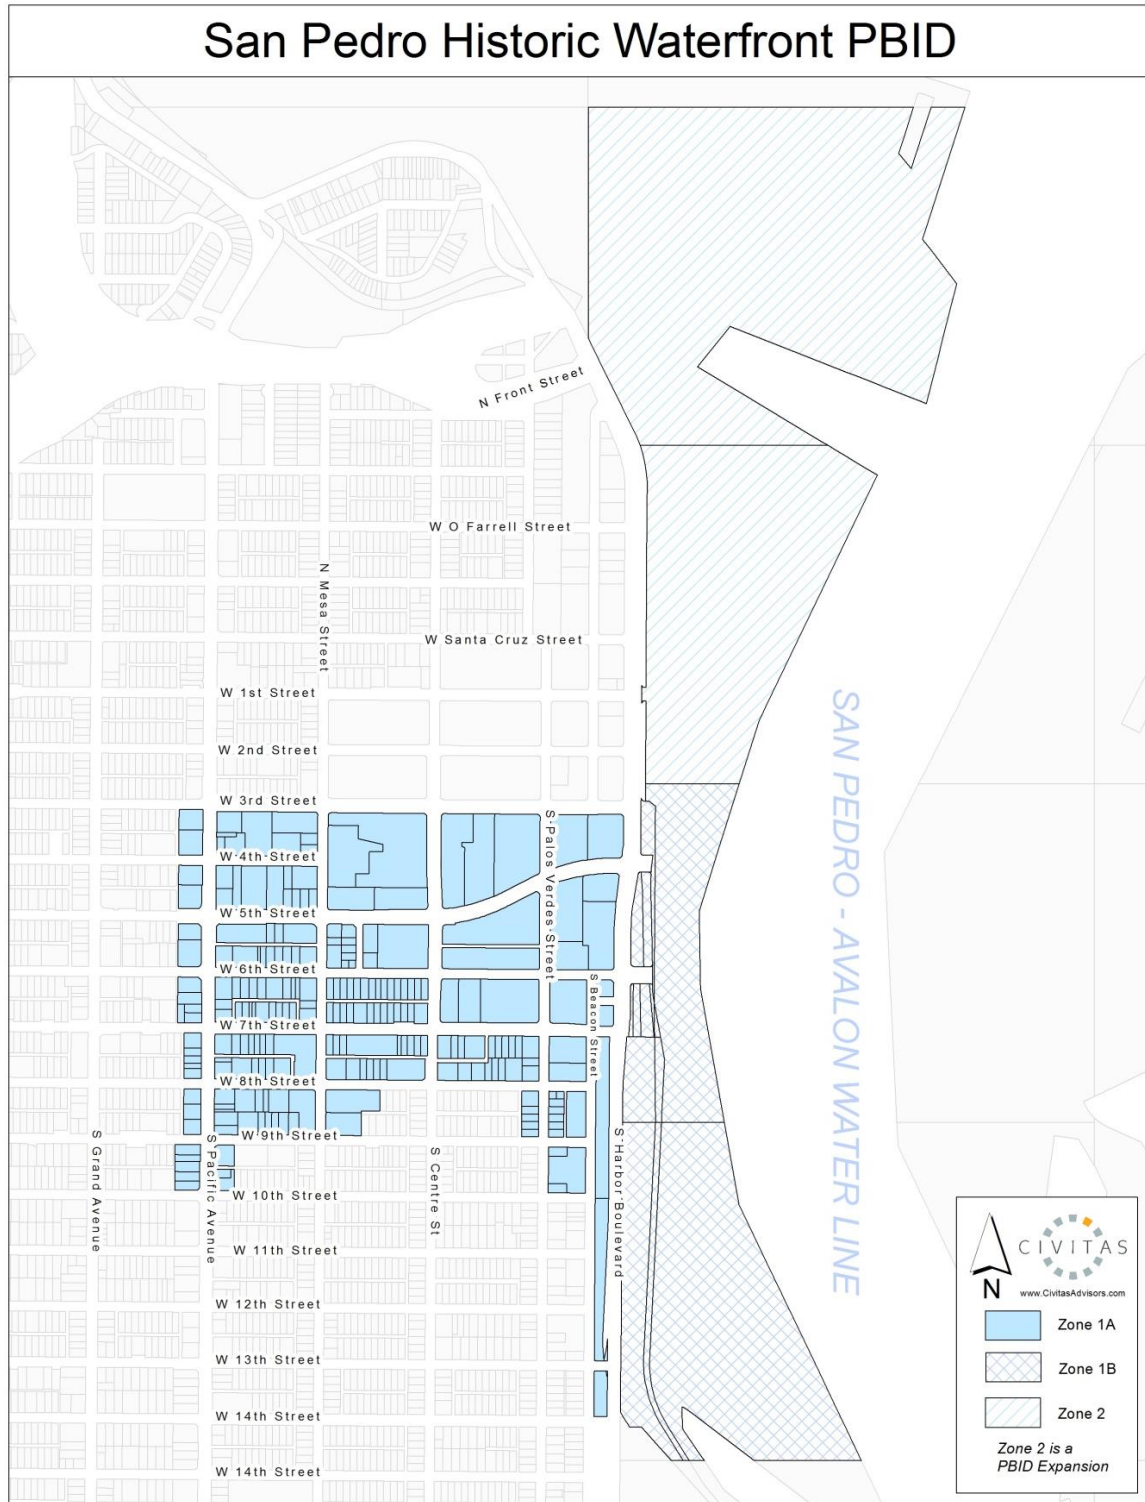

District Boundary Rationale

District boundaries and benefit zones were developed based on the special benefits to be received by individually-assessed parcels. The individually-assessed parcels in the District are the main commercial area of the Historic San Pedro Waterfront area. Parcels were reviewed to determine the parcel's zoning, if the parcel was included in an existing District, and if the parcel would receive special benefits from the District services. Parcels surrounding the District but not in the District boundary were determined not to benefit from the District's services. For instance, the District boundaries do not include parcels along 10th Street as they are primarily residential parcels, as are most parcels north of the District's northern boundary, W 3rd Street and west of the District's western boundary, S Pacific Street. The individually-assessable parcel uses within the general boundaries of the San Pedro Historic Waterfront Property and Business Improvement District include a mix of retail, light industrial, manufacturing, offices, entertainment, and parking. Services and improvements provided by the District are designed to provide special benefits to the individually-assessable parcels. All of the services provided, including pedestrian and tourist ambassador services; sanitation, cleaning, and beautification; marketing, promotions, and waterfront special events; new business attraction; homeless service coordination; and policy development, district management and administration are above and beyond the baseline services provided by the City. None of these services are provided by the City. These services are uniquely tailored to meet the needs of individually-assessed parcels within the District, and provide a particular and distinct benefit to those parcels. Each individually-assessed parcel in the District receives a special benefit from the services provided to its respective benefit zone and property type.

The services provided with assessment funds will only be available to individually-assessed parcels within the District. Parcels outside the District shall not be assessed, shall not receive services, and shall not receive special benefits from the District's services. Services, including beautification, sanitation, special events, business attraction, and homeless coordination shall only be provided within the District boundaries. Marketing and promotions shall be designed to attract pedestrians only to the individually-assessed parcels within the District. Management and administration will ensure services are provided within the District for the special benefit of individually-assessed parcels.

The general SPHWBID boundary is illustrated by the following map. The District includes 804 individually-assessed parcels which are listed in the Assessment Calculation Table included as Appendix 2. For further information, a District Boundary Map showing benefit zones is included as Appendix 4. A larger map is available on request by calling (310)832-2183.

IV. SERVICES

A. Program and Service Overview

The renewed District will continue providing services for individually-assessed parcels within the District boundaries. Services will not be provided outside the District boundaries. All special benefits conferred on each individually-assessed parcel shall be provided based upon this Plan. For detailed support of the assessments, please see the Engineer's Report.

The following are programs and services which may be provided by the renewed SPHWBID to individual assessed parcels within the District boundaries. District services will not be provided outside the District boundary or to parcels outside the District boundary; further, funds collected in each benefit zone shall only be utilized to provide services which benefit individual assessed parcels within that benefit zone.

1. Pedestrian and Tourist Ambassador Service

The ambassador service will assist customers, pedestrians, tourists, tenants and residents by answering questions, providing directions and referrals, and distributing maps and information about the district area. These services will continue to be provided in the area that was the original district, and will be expanded into the new areas of the district. The ambassadors' service will promote commercial and recreational opportunities that are provided on publicly and privately owned individually assessed parcels throughout the District boundaries. The ambassadors' presence is intended to create and enhance pedestrian perceptions of comfort and safety in an effort to specially benefit individually-assessed parcels by improving commerce on those parcels. These services, which were not being provided prior to creation of the district, will continue to serve as a catalyst for increased vehicle and pedestrian traffic patterns and linkages within the District.

Transportation linkages will continue to connect the waterfront and traditional downtown San Pedro. The PBID will continue providing shuttle transit service between the Maritime Museum, Ports O'Call Village, and downtown locations in the district. The shuttle service will continue to supplement, not supplant, the other existing transportation services which operate on a limited basis in the district. Shuttle services will specially benefit individually-assessed parcels by increasing access to and improving commerce on those parcels.

Uniformed ambassadors will also supplement, not supplant, the services of and work closely with the Los Angeles Police Department and Port Police Department in the district. Their presence will help prevent, deter, and report illegal activities in the District.

To effectively address issues that arise from the transient and homeless population in the District boundaries, the PBID will fund homeless service coordination. Coordination and referral services that are provided by various social service organizations will improve the effectiveness of the District's services. The District will facilitate the presence of social service agencies dedicated to assisting the homeless. These services will specially benefit individually-assessed parcels by creating a safer environment and enhancing pedestrians' perceptions of comfort and safety, thereby increasing commerce on those parcels.

Pedestrian kiosks will be staffed and maintained. Kiosk ambassadors will provide pedestrians with information, directions, brochures, flyers and other relevant collateral to increase visitation to the District. Also, the ambassadors will highlight transportation services as convenient, cost-effective means of transportation in the District.

These services will only be provided within the District boundaries, and will create a special benefit to those individually-assessed parcels by increasing pedestrian and automobile traffic within the District, thus increasing commerce and attracting and retaining businesses to locate in the District. Parcels outside of the District boundaries will not receive these services or any special benefit from these services.

a. Zone 1A

Individually-assessed parcels in Zone 1A have a high amount of pedestrian traffic and will receive special benefit from all of the District's pedestrian and tourist-related services described above, including multiple shuttle stops. Kiosks will benefit Zone 1A individually-assessed parcels by advertising the amenities and services available in Zone 1A.

b. Zone 1B

Individually-assessed parcels in Zone 1B have a moderate need for pedestrian services because they have a moderate amount of pedestrian traffic.

c. Zone 2

Individually assessed parcels in Zone 2 will receive special benefit from all of the services described in Section A above, including two shuttle stops. Zone 2 will receive the majority of these services only on specific days, as it has a high amount of traffic on days when cruise ships are in port and nearly no traffic on days when cruise ships are not in port. Tourism ambassadors will be provided in Zone 2 only on days when cruise ships are in port, approximately 6 hours per day, 120 days per year. Ambassadors will specially benefit Zone 2 individually assessed parcels by providing assistance and direction to Zone 2 pedestrians.

2. Sanitation, Cleaning, and Beautification

Sanitation, cleaning, and beautification programs will maintain the uniform standard of operation, cleanliness and beauty throughout the District. Activities may include: sidewalk sweeping, monthly sidewalk pressure washing; street sweeping; porter service; cleaning of vacant lots; painting of fixtures including fire hydrants; graffiti removal; street litter and illegal dumping pick-up; cleaning bus shelters and bus stops; street and alley cleaning patrols to remove litter, graffiti, stickers, and weeds; irrigation, operation, and trimming and cleaning of landscaping including trees and tree wells, art, lighting and other streetscape improvements; street tree "twinkle" lighting, holiday decorations, street lights and banners, and utility services. These services will be provided on rights-of-way, parkways, and medians surrounding the Maritime Museum; and the Ports O'Call Village; and rights-of-way, parkways, medians, easements, and parking lots within the District. Additional cleaning along the rights of way for North Harbor Drive, a gateway into the District, is needed and will be provided. Neither the City of Los Angeles nor the Port of Los Angeles is currently conducting any of the described services. District activities will also continue to enable conducting events within the District, which will characterize a real downtown / waterfront connection, by supporting the burden created by such events.

The District will continue endeavoring to leverage public agency and private funds, as well as using its own budget, to further encourage commerce and install landscaping and beautification improvements throughout the District for the benefit of all individually-assessed parcels within the District. All such improvements shall provide an aesthetically improved visual to the District to further encourage homeowners, renters and pedestrians to use the District's resources.

These services will only be provided to individually-assessed parcels within the District boundaries, and will create a special benefit to those parcels by increasing pedestrian and automobile traffic within the District, which will increase commerce and attract and retain businesses within the District. Parcels outside of the District boundaries will not receive these services nor any benefit from these services.

a. Zone 1A

Individually-assessed parcels in Zone 1A will receive all of the services described above.

b. Zone 1B

Individually-assessed parcels in Zone 1B have a moderate need for the services described above because they have a moderate amount of pedestrian traffic. Services will be provided as needed rather than on a daily basis.

c. Zone 2

Individually-assessed parcels in Zone 2 will receive special benefit from all of the services described above. Services will be provided as needed rather than on a daily basis.

3. Marketing, Promotions, and Waterfront Special Events

Marketing, promotions, events, signing and public relations initiatives will build upon the established District identity. Activities will continue to focus on waterfront attractions, tourism, and weekend and holiday special events. Events and activities will be planned and conducted along the waterfront, adjacent parking lots, adjacent streets, and throughout the District area. Other initiatives may include: website updates and operation, newsletter publication, graphics program development, branding and marketing program development, printing and advertising, public relations activities, special events and activities, advertisements, and placement of promotional materials in various media. Events may include waterfront concerts, food festivals, maritime displays, military resource displays, and sports activities. None of the described marketing and promotions activities were being provided prior to District establishment. The District programs will not duplicate any marketing or promotions currently provided by others.

The District marketing and promotions efforts will only be provided for individually-assessed parcels within the District boundaries, and will provide a special benefit to those parcels by increasing pedestrian and automobile traffic within the District, which will increase commerce and attract and retain businesses in the District. Parcels outside of the District boundaries will not receive these services or any special benefit from these services.

a. Zone 1A

Individually-assessed parcels in Zone 1A will receive all of the services described above. Marketing may include television ads, social media, direct mail, print ads, special events and festivals.

b. Zone 1B

Individually-assessed parcels in Zone 1B will receive all of the services described above.

b. Zone 2

Individually-assessed parcels in Zone 2 will receive all of the services described above.

4. Policy Development, District Management, and Administration

District activities will be managed by a professional manager who may be assisted by centralized administrative support. Management and other positions that may be hired in connection with the District include an executive director, administrative assistant, and clerical assistant. These positions may be employees or contractors at the discretion of the owners' association board of directors.

The staff will provide professional policy development serving District interests on a broad scale. Efforts to build upon existing, and create new, partnerships with governmental, non-profit, and private sector organizations will benefit the District. Knowledgeable and effective participation in the elaborate, rigorous, and political competition for limited resources will produce special benefits for the District. It will also help propose and develop solutions to District issues such as parking, signage, and code enforcement. None of these programs were provided prior to District establishment.

The District will continue efforts to attract and recruit businesses to the District. This program will include preparation of public relations and promotional materials; marketing programs and activities; market and economic analysis, forecasts, and development plans; and targeted outreach. None of these services were provided prior to District establishment.

The professional development, management, and administration services only exist for District purposes and will only address matters for the special benefit of individually-assessed parcels within the District boundaries.

Various District office supply, material, insurance, service, and other necessary expenses are included in this budget category. All of these expense items support attraction of additional pedestrian and automobile traffic to the District, and constitute a special benefit for the individually-assessed parcels located within the District's boundaries. None of the described services were provided prior to District establishment. Parcels outside of the District boundaries will not receive these services or any benefit from these services.

Each zone will pay its fair share of the administrative cost. The share of each zone shall be directly proportional to the amount of the District's services provided in that zone. Individually-assessed parcels in each zone will specially benefit from these services, which will increase commerce on those parcels.

5. Contingency and Renewal

A prudent portion of the District's budget will be retained in a contingency fund to cover the costs of uncollected assessments, unanticipated or increased program costs, and variations in the market price of District services. Contingency funds will only be spent for special benefit to the individually-assessed parcels in the District, on expenses within the confines of this Plan. If at the time of District expiration there are contingency funds remaining and owners wish to renew the District, those funds could be used for the costs of District renewal.

Each zone will pay its fair share of the contingency and renewal cost. The share of each zone shall be directly proportional to the amount of the District's services provided in that zone. Individually-assessed parcels in each zone will specially benefit from these services, which will increase commerce on those parcels.

6. Services by Zone

Service	Zone 1A	Zone 1B	Zone 2
Shuttle Bus Stops	Several	Several	Two
Pedestrian Ambassadors	5 officers daily	5 officers daily	120 days / year
Homeless Services	√	√	120 days /year
Sidewalk Pressure Washing	1 x month	1 x month	3 x year
Clean-Up Patrols	4 man crew daily	As needed	As needed
Streetscape Improvements	√	√	√
Landscape Watering / Trimming	Daily	As needed	As needed
Events	√	√	√
Website	√	√	√
Advertisements	√	√	√

B. Budget

1. Five Year Budget

The total maximum budget and service plan breakdown for the District's five year term, assuming the maximum three-percent (3%) increase is approved in each year of operation, is below. The actual budget in years 2014-2017 may vary depending upon the actual increase, if any, approved by the owner's association. Any interest accrued and delinquent collections shall also be expended in accordance with the proportional allocations of the budget.

Category	%	Year One 2013	Year Two 2014	Year Three 2015	Year Four 2016	Year Five 2017	Five-Year Total
Pedestrian	45.5	\$449,275.38	\$462,753.64	\$476,636.25	\$490,935.34	\$505,663.40	\$2,385,264.01
Sanitation	17.0	\$167,861.13	\$172,896.97	\$178,083.87	\$183,426.39	\$188,929.18	\$891,197.54
Marketing	15.0	\$148,112.76	\$152,556.15	\$157,132.83	\$161,846.82	\$166,702.22	\$786,350.77
Administration	20.5	\$202,420.78	\$208,493.40	\$214,748.20	\$221,190.65	\$227,826.37	\$1,074,679.39
Contingency	2.0	\$19,748.37	\$20,340.82	\$20,951.04	\$21,579.58	\$22,226.96	\$104,846.77
Totals	100	\$987,418.42	\$1,017,040.97	\$1,047,552.20	\$1,078,978.77	\$1,111,348.13	\$5,242,338.49

Any funds carried over from year-to-year shall be spent within the zone and category from which they originated. There shall be a carry-over from the original district in the amount of \$510,707. The funds carried over from the District's original term shall only be spent on improvements and activities provided to individually-assessed parcels within the original District; they shall not be spent on any improvements and activities provided to individually-assessed parcels in the new Zone 2.

2. Benefit Zone Budgets

Funds collected from each benefit zone will only be spent on services provided within that benefit zone. The table below illustrates the breakdown of budget category spending by zone. The total for each zone on the bottom line is the amount collected in that zone. The total column on the right side of the table is the District's total budget for that category. The bottom right box is the District's total budget. Funds collected in each zone shall only be spent on improvements and services which specially benefit individually-assessed parcels within the respective zones.

Category	Zone 1A - Commercial	Zone 1A - Residential	Zone 1B	Zone 2	Category Total
Pedestrian	\$294,154.30	\$79,484.28	\$66,661.83	\$8,974.97	\$449,275.38
Sanitation	\$109,903.80	\$29,697.43	\$24,906.62	\$3,353.28	\$167,861.13
Marketing	\$96,973.94	\$26,203.61	\$21,976.43	\$2,958.78	\$148,112.76
Administration	\$132,531.06	\$35,811.60	\$30,034.45	\$4,043.67	\$202,420.78
Contingency	\$12,929.86	\$3,493.81	\$2,930.19	\$394.50	\$19,748.37
Zone Totals	\$646,492.96	\$174,690.73	\$146,509.52	\$19,725.20	\$987,418.42

3. Adjustments

The market rates for District services may vary. Therefore, expenditures may require adjustment. Accordingly, the owner's association shall have the ability to re-allocate categorical expenditures by no more than ten percent (10%) of the total budget each year; provided, however, that in no case shall funds be spent for activities or improvements provided outside of the zone from which they were collected.

4. Determination of Special versus General Benefits

California Constitution Article XIII D, section 4 (Proposition 218) states, "while assessment District programs may confer a combination of general and special benefits to properties, only the special parcel-related benefits can be funded through assessments." In accordance with Proposition 218, this District is renewed to continue providing special benefits directly to the individually-assessed parcels.

The law provides that the expenses of the District shall be apportioned in proportion to the special benefit received by each individually-assessed parcel. In addition, Proposition 218 requires that parcel assessments may not exceed the reasonable cost of the proportional special benefit conferred on that individually-assessed parcel. Only special benefits are assessable. An assessment formula, based on benefit zone and parcel use, has been created to apportion special benefit appropriately between individually-assessed parcels. The assessment rates relate directly to the services and benefit received by individually-assessed parcels.

A special benefit is a particular and distinct benefit over and above general benefits conferred on the

public at large, including real property within the District. Conversely, a general benefit is a benefit to parcels in the area and in the surrounding community or a benefit to the public in general, resulting from the improvement, activity, or service to be provided by the assessment levied. Many general benefits to the public at large are conveyed by municipal services such as fire protection, police services, and public transit services. These services are targeted to serve the public at large and do not confer special benefits on particular parcels. Unlike these public services, the services provided by the District are carefully designed to provide only special benefits, only to individually-assessed parcels within the District.

The programs and services in this Management District Plan are designed to provide targeted services to individually-assessed parcels, apportioned by parcel use and benefit zone, within the District. These programs and services are tailored not to serve the general public, but rather the specific individually-assessed parcels of the District. For example, the cleanup crew program is focused on the specific individually-assessed parcels within the District, and cleanup crew services are not provided outside the District. This cleanup program includes increased cleaning and sidewalk pressure washing provided only to the individually-assessed parcels within all benefit zones. The District will also aesthetically improve the District with additional landscaping and streetscape projects, which will not be provided outside the District. Pedestrian Ambassadors will only work in the District, to direct pedestrian traffic to, and thereby increase commerce on, the individually-assessed parcels. Collateral materials, such as District maps, will promote only the individually-assessed parcels within the District. Special events will occur within the District, and will bring additional pedestrians and increased commercial activity to the individually-assessed parcels in the District. These programs and services will directly and specially benefit individually-assessed parcels within the District. The streetscape and landscape, and administration and business liaison programs will improve economic development and commerce within the District, thereby benefiting the individually-assessed parcels within the District. The culmination of the District's services is an increase in commercial activity within the District, directly and specially benefitting the individually-assessed parcels.

The programs and services paid for by assessment revenue are parcel services conferring special benefit on individually-assessed parcels within the District. In addition, these services are not for the benefit of the general public or parcels outside the District. The programs and services provide special benefits, and all benefits derived from assessments outlined in this Management District Plan are only for programs and services directly benefiting the individually-assessed parcels in the District. The services are designed to increase foot traffic, improve the commercial area, increase marketing of commercial entities in the District, improve the aesthetic appearance of the District, and to provide these services only to individually-assessed parcels within the District boundaries. It is therefore appropriate that these special, parcel-related benefits be funded by special assessments. Due to the fact that the District assessments will only be levied on individually-assessed parcels within its boundaries and, in turn, assessment revenues will only be spent on programs, improvements and services that provide direct special benefit to individually-assessed parcels within the District boundaries, it has been determined that any general benefits to the surrounding community or the public in general are de minimus, intangible, and unquantifiable. The assessment is proportional to the special benefit conferred on the individually-assessed parcels. The programs and services listed in this Management District Plan will be, and contribute to, a special benefit for each of the individually-assessed parcels within the District.

V. ASSESSMENT FORMULA

Assessment Methodology

Individually-assessed parcels shall be assessed a parcel square footage rate and a building square footage rate according to the proportionate special benefit derived from the services provided to that individually-assessed parcel's benefit zone. The assessment rates are shown below. A detailed description of the services provided by the District within each benefit zone is included in Section V, Services, of this Management District Plan. The assessment rate differentials between Zone 1A, 1B, and 2 parcels are addressed in the Engineer's Report.

San Pedro Historic Waterfront BID Initial Annual Assessment Rates		
Parcel Use Benefit Zone	Parcel Rate (\$/sqft/yr)	Building Rate (\$/sqft/yr)
Commercially-Zoned Parcels		
Zone 1A	\$0.10610	\$0.15390
Zone 1B	\$0.05303	\$0.07700
Zone 2	\$0.00000	\$0.05500
Residentially-Zoned (RD 4 or higher) Parcels		
Zone 1A	\$0.10610	\$0.07700
Parcels with Right-of-Way, Residential (RD1.5 to RD3), or Agricultural Uses in any Zone	Not Assessed	

Changes to Zoning

If the zoning of an individual assessed parcel changes during the term of the District, the assessment calculation may be modified accordingly.

Changes to Building Size

If the building size on a parcel changes during the term of the District, the assessment calculation may be modified accordingly. Parcels with new construction shall have their assessment adjusted upon issuance of a certificate of occupancy for the new building.

Assessments on Public Parcels

Proposition 218, also known as the Right to Vote on Taxes Act, states that "parcels within a District that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly-owned parcels in fact receive no special benefit." All individually-assessed parcels in the District are assessed on their parcel square footage and building square footage and receive District services and special benefits from those services. All publicly-owned, individually-assessed parcels will receive all of the services provided in the individually-assessed parcels' respective zone; therefore, those individually-assessed parcels will be assessed at the full rate for their respective zones. These parcels will benefit from all of the District's services. Marketing services, pedestrian ambassadors and kiosks, homeless services, events, transportation improvements, and sanitation will increase commercial activity on publicly-owned, individually-assessed parcels in the District. These parcels are located within the commercial area of the District and have a high amount of pedestrian traffic. Due to the high amount of pedestrian traffic, these parcels have a need for the services

provided by the District. See Appendix 3 for a listing of all individually-assessed public parcels in the District.

Residential and Agricultural Parcels

California Streets and Highways Code Section 36632(c) states, “Properties zoned solely for residential use, or that are zoned for agricultural use, are conclusively presumed not to benefit from the improvements and services funded through these assessments, and shall not be subject to any assessment pursuant to this part.” Therefore, parcels that are zoned RD1.5 to RD3 within the District boundaries will not be assessed. Residential parcels which allow other uses (zoned RD4 or higher) shall be assessed. Those individually-assessed residential parcels, zoned RD4 or higher, within the District will receive and benefit from all of the District’s services. The assessment rate for individually-assessed residential parcels zoned RD4 or higher is commensurate with their need for services; they have a moderate amount of pedestrian traffic and thus a moderate need for services.

Right-of-Way Parcels

Parcels within the District, to the extent that they are used solely as right-of-ways, shall not receive or benefit from the District’s services. These parcels do not have a commercial use, do not have pedestrian traffic, and are basically unoccupied; thus, they have no need for District services and shall not be assessed.

Time and Manner for Collecting Assessments

The District special assessment will appear as a separate line item on annual Property Tax bills prepared by the County of Los Angeles. Property Tax bills are generally distributed in the fall, and payment is expected by lump sum or installments. The County of Los Angeles shall distribute funds collected to the City of Los Angeles. Then, the City of Los Angeles will disburse the funds to the District Owners’ Association, pursuant to the authorization of this Management District Plan. Existing laws for enforcement and appeal of parcel taxes apply to the District assessments. If necessary, the City of Los Angeles City Clerk’s Office will directly bill property owners or entities that do not appear on the tax roll.

Assessment Notice Process

After submission of petitions from property owners who will pay 50% or more of the assessment, the City may adopt a resolution declaring its intention to renew the District. Once the resolution is adopted, a ballot and assessment notice will be sent to owners of each individually-assessed parcel within the District boundaries. The assessment notice provides the assessment amount, based upon the benefit zone, parcel square footage, and building square footage. Property owners will have at least forty-five days to review the notice and return their ballots. After at least forty-five days, the City Council will hold a public hearing on the proposed assessment, which owners can attend and make comments to the City Council. At the conclusion of the public hearing, the returned ballots will be tabulated. If a majority of the returned ballots favor implementing the assessment, the City Council may adopt a resolution renewing the District. A list of individually-assessed parcels included in the District is provided in the Assessment Calculation Table included as Appendix 2 of this Management District Plan.

Bonds

Bonds will not be issued as part of this SPHWBID.

VI. DISTRICT GOVERNANCE

A. Owners' Association

The Owners' Association is charged with the day-to-day operations of the District. The Owners' Association shall be an independent, nonprofit corporation, contracted with the City of Los Angeles to provide the services set forth in this Management District Plan.

B. Brown Act Compliance

The Owners Association is considered a legislative body under the Ralph M. Brown Act (Government Code §54950 et seq.). Thus, meetings of the Owners Association board must be held in compliance with the public notice and other requirements of the Brown Act.

C. Annual Report

The Owners Association board shall present an annual report at the end of each year of operation to the City Council pursuant to Streets and Highways Code §36650 (see Appendix 1).

APPENDIX 1: THE PROPERTY AND BUSINESS IMPROVEMENT DISTRICT LAW OF 1994

*** This document is current through the 2012 Supplement ***
(All 2011 legislation)

§ 36600. Citation of part

This part shall be known and may be cited as the "Property and Business Improvement District Law of 1994."

§ 36601. Legislative findings and declarations

The Legislature finds and declares all of the following:

(a) Businesses located and operating within the business districts of this state's communities are economically disadvantaged, are underutilized, and are unable to attract customers due to inadequate facilities, services, and activities in the business districts.

(b) It is in the public interest to promote the economic revitalization and physical maintenance of the business districts of its cities in order to create jobs, attract new businesses, and prevent the erosion of the business districts.

(c) It is of particular local benefit to allow cities to fund business related improvements, maintenance, and activities through the levy of assessments upon the businesses or real property that benefits from those improvements.

(d) Assessments levied for the purpose of providing improvements and promoting activities that benefit real property or businesses are not taxes for the general benefit of a city, but are assessments for the improvements and activities which confer special benefits upon the real property or businesses for which the improvements and activities are provided.

§ 36602. Purpose of part

The purpose of this part is to supplement previously enacted provisions of law that authorize cities to levy assessments within a business improvement area. This part does not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes.

§ 36603. Preemption of authority or charter city to adopt ordinances levying assessments

Nothing in this part is intended to preempt the authority of a charter city to adopt ordinances providing for a different method of levying assessments for similar or additional purposes from those set forth in this part. A property and business improvement district created pursuant to this part is expressly exempt from the provisions of the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 (Division 4 (commencing with Section 2800)).

§ 36603.5. Part prevails over conflicting provisions

Any provision in this part that conflicts with any other provision of law shall prevail over the other provision of law.

§ 36604. Severability

This part is intended to be construed liberally and, if any provision is held invalid, the remaining provisions shall remain in full force and effect. Assessments levied under this part are not special taxes.

§ 36605. [Section repealed 2001.]

§ 36606. "Assessment"

"Assessment" means a levy for the purpose of acquiring, constructing, installing, or maintaining improvements and promoting activities which will benefit the properties or businesses located within a property and business improvement district.

§ 36607. "Business"

"Business" means all types of businesses and includes financial institutions and professions.

§ 36608. "City"

"City" means a city, county, city and county, or an agency or entity created pursuant to Article 1 (commencing with *Section 6500*) of *Chapter 5 of Division 7 of Title 1 of the Government Code*, the public member agencies of which includes only cities, counties, or a city and county, or the State of California.

§ 36609. "City council"

"City council" means the city council of a city or the board of supervisors of a county, or the agency, commission, or board created pursuant to a joint powers agreement and which is a city within the meaning of this part.

§ 36610. "Improvement"

"Improvement" means the acquisition, construction, installation, or maintenance of any tangible property with an estimated useful life of five years or more including, but not limited to, the following:

- (a) Parking facilities.

- (b) Benches, booths, kiosks, display cases, pedestrian shelters and signs.
- (c) Trash receptacles and public restrooms.
- (d) Lighting and heating facilities.
- (e) Decorations.
- (f) Parks.
- (g) Fountains.
- (h) Planting areas.
- (i) Closing, opening, widening, or narrowing of existing streets.
- (j) Facilities or equipment, or both, to enhance security of persons and property within the area.
- (k) Ramps, sidewalks, plazas, and pedestrian malls.
- (l) Rehabilitation or removal of existing structures.

§ 36611. "Property and business improvement district"; "District"

"Property and business improvement district," or "district," means a property and business improvement district established pursuant to this part.

§ 36612. "Property"

"Property" means real property situated within a district.

§ 36613. "Activities"

"Activities" means, but is not limited to, all of the following:

- (a) Promotion of public events which benefit businesses or real property in the district.
- (b) Furnishing of music in any public place within the district.
- (c) Promotion of tourism within the district.
- (d) Marketing and economic development, including retail retention and recruitment.
- (e) Providing security, sanitation, graffiti removal, street and sidewalk cleaning, and other municipal services supplemental to those normally provided by the municipality.
- (f) Activities which benefit businesses and real property located in the district.

§ 36614. "Management district plan"; "Plan"

"Management district plan" or "plan" means a proposal as defined in Section 36622.

§ 36614.5. "Owners' association"

"Owners' association" means a private nonprofit entity that is under contract with a city to administer or implement activities and improvements specified in the management district plan. An owners' association may be an existing nonprofit entity or a newly formed nonprofit entity. An owners' association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose. Notwithstanding this section, an owners' association shall comply with the Ralph M. Brown Act (Chapter 9 (commencing with *Section 54950*) of *Part 1 of Division 2 of Title 5 of the Government Code*), at all times when matters within the subject matter of the district are heard, discussed, or deliberated, and with the California Public Records Act (Chapter 3.5 (commencing with *Section 6250*) of *Division 7 of Title 1 of the Government Code*), for all documents relating to activities of the district.

§ 36615. "Property owner"; "Business owner"; "Owner"

"Property owner" means any person shown as the owner of land on the last equalized assessment roll or otherwise known to be the owner of land by the city council. "Business owner" means any person recognized by the city as the owner of the business. "Owner" means either a business owner or a property owner. The city council has no obligation to obtain other information as to the ownership of land or businesses, and its determination of ownership shall be final and conclusive for the purposes of this part. Wherever this part requires the signature of the property owner, the signature of the authorized agent of the property owner shall be sufficient. Wherever this part requires the signature of the business owner, the signature of the authorized agent of the business owner shall be sufficient.

§ 36616. "Tenant"

"Tenant" means an occupant pursuant to a lease of commercial space or a dwelling unit, other than an owner.

§ 36617. Alternate method of financing certain improvements and activities; Effect on other provisions

This part provides an alternative method of financing certain improvements and activities. The provisions of this part shall not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes. Every improvement area established pursuant to the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with *Section 36500*) of this division) is valid and effective and is unaffected by this part.

§ 36620. Establishment of property and business improvement district

A property and business improvement district may be established as provided in this chapter.

§ 36620.5. Requirement of consent of city council

A county may not form a district within the territorial jurisdiction of a city without the consent of the city council of that city. A city may not form a district within the unincorporated territory of a county without the consent of the board of supervisors of that county. A city may not form a district within the territorial jurisdiction of another city without the consent of the city council of the other city.

§ 36621. Initiation of proceedings; Petition of property or business owners in proposed district

(a) Upon the submission of a written petition, signed by the property or business owners in the proposed district who will pay more than 50 percent of the assessments proposed to be levied, the city council may initiate proceedings to form a district by the adoption of a resolution expressing its intention to form a district. The amount of assessment attributable to property or a business owned by the same property or business owner that is in excess of 40 percent of the amount of all assessments proposed to be levied, shall not be included in determining whether the petition is signed by property or business owners who will pay more than 50 percent of the total amount of assessments proposed to be levied.

(b) The petition of property or business owners required under subdivision (a) shall include a summary of the management district plan. That summary shall include all of the following:

- (1) A map showing the boundaries of the district.
- (2) Information specifying where the complete management district plan can be obtained.
- (3) Information specifying that the complete management district plan shall be furnished upon request.

(c) The resolution of intention described in subdivision (a) shall contain all of the following:

(1) A brief description of the proposed activities and improvements, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property or businesses within the district, a statement as to whether bonds will be issued, and a description of the exterior boundaries of the proposed district. The descriptions and statements do not need to be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements and activities and the location and extent of the proposed district.

(2) A time and place for a public hearing on the establishment of the property and business improvement district and the levy of assessments, which shall be consistent with the requirements of Section 36623.

§ 36622. Contents of management district plan

The management district plan shall contain all of the following:

(a) If the assessment will be levied on property, a map of the district in sufficient detail to locate each parcel of property and, if businesses are to be assessed, each business within the district. If the assessment will be levied on businesses, a map that identifies the district boundaries in sufficient detail to allow a business owner to reasonably determine whether a business is located within the district boundaries. If the assessment will be levied on property and businesses, a map of the district in sufficient detail to locate each parcel of property and to allow a business owner to reasonably determine whether a business is located within the district boundaries.

(b) The name of the proposed district.

(c) A description of the boundaries of the district, including the boundaries of benefit zones, proposed for establishment or extension in a manner sufficient to identify the affected lands and businesses included. The boundaries of a proposed property assessment district shall not overlap with the boundaries of another existing property assessment district created pursuant to this part. This part does not prohibit the boundaries of a district created pursuant to this part to overlap with other assessment districts established pursuant to other provisions of law, including, but not limited to, the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with Section 36500)). This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with another business assessment district created pursuant to this part. This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with a property assessment district created pursuant to this part.

(d) The improvements and activities proposed for each year of operation of the district and the maximum cost thereof.

(e) The total annual amount proposed to be expended for improvements, maintenance and operations, and debt service in each year of operation of the district.

(f) The proposed source or sources of financing, including the proposed method and basis of levying the assessment in sufficient detail to allow each property or business owner to calculate the amount of the assessment to be levied against his or her property or business. The plan also shall state whether bonds will be issued to finance improvements.

(g) The time and manner of collecting the assessments.

(h) The specific number of years in which assessments will be levied. In a new district, the maximum number of years shall be five. Upon renewal, a district shall have a term not to exceed 10 years. Notwithstanding these limitations, a district created pursuant to this part to finance capital improvements with bonds may levy assessments until the maximum maturity of the bonds. The management district plan may set forth specific increases in assessments for each year of operation of the district.

(i) The proposed time for implementation and completion of the management district plan.

(j) Any proposed rules and regulations to be applicable to the district.

(k) A list of the properties or businesses to be assessed, including the assessor's parcel numbers for properties to be assessed, and a statement of the method or methods by which the expenses of a district will be imposed upon benefited real property or businesses, in proportion to the benefit received by the property or business, to defray the cost thereof, including operation and maintenance. The plan may provide that all or any class or category of real property which

is exempt by law from real property taxation may nevertheless be included within the boundaries of the district but shall not be subject to assessment on real property.

(I) Any other item or matter required to be incorporated therein by the city council.

§ 36623. Procedure to levy assessment

(a) If a city council proposes to levy a new or increased property assessment, the notice and protest and hearing procedure shall comply with *Section 53753 of the Government Code*.

(b) If a city council proposes to levy a new or increased business assessment, the notice and protest and hearing procedure shall comply with *Section 54954.6 of the Government Code*, except that notice shall be mailed to the owners of the businesses proposed to be assessed. A protest may be made orally or in writing by any interested person. Every written protest shall be filed with the clerk at or before the time fixed for the public hearing. The city council may waive any irregularity in the form or content of any written protest. A written protest may be withdrawn in writing at any time before the conclusion of the public hearing. Each written protest shall contain a description of the business in which the person subscribing the protest is interested sufficient to identify the business and, if a person subscribing is not shown on the official records of the city as the owner of the business, the protest shall contain or be accompanied by written evidence that the person subscribing is the owner of the business or the authorized representative. A written protest that does not comply with this section shall not be counted in determining a majority protest. If written protests are received from the owners or authorized representatives of businesses in the proposed district that will pay 50 percent or more of the assessments proposed to be levied and protests are not withdrawn so as to reduce the protests to less than 50 percent, no further proceedings to levy the proposed assessment against such businesses, as contained in the resolution of intention, shall be taken for a period of one year from the date of the finding of a majority protest by the city council.

§ 36624. Changes to proposed assessments

At the conclusion of the public hearing to establish the district, the city council may adopt, revise, change, reduce, or modify the proposed assessment or the type or types of improvements and activities to be funded with the revenues from the assessments. Proposed assessments may only be revised by reducing any or all of them. At the public hearing, the city council may only make changes in, to, or from the boundaries of the proposed property and business improvement district that will exclude territory that will not benefit from the proposed improvements or activities. Any modifications, revisions, reductions, or changes to the proposed assessment district shall be reflected in the notice and map recorded pursuant to Section 36627.

§ 36625. Resolution of formation

(a) If the city council, following the public hearing, decides to establish the proposed property and business improvement district, the city council shall adopt a resolution of formation that shall contain all of the following:

(1) A brief description of the proposed activities and improvements, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property, businesses, or both within the district, a statement about whether bonds will be issued, and a description of the exterior boundaries of the proposed district. The descriptions and statements do not need to be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements and activities and the location and extent of the proposed district.

(2) The number, date of adoption, and title of the resolution of intention.

(3) The time and place where the public hearing was held concerning the establishment of the district.

(4) A determination regarding any protests received. The city shall not establish the district or levy assessments if a majority protest was received.

(5) A statement that the properties, businesses, or properties and businesses in the district established by the resolution shall be subject to any amendments to this part.

(6) A statement that the improvements and activities to be provided in the district will be funded by the levy of the assessments. The revenue from the levy of assessments within a district shall not be used to provide improvements or activities outside the district or for any purpose other than the purposes specified in the resolution of intention, as modified by the city council at the hearing concerning establishment of the district.

(7) A finding that the property or businesses within the area of the property and business improvement district will be benefited by the improvements and activities funded by the assessments proposed to be levied.

(b) The adoption of the resolution of formation and, if required, recordation of the notice and map pursuant to Section 36627 shall constitute the levy of an assessment in each of the fiscal years referred to in the management district plan.

§ 36626. Resolution establishing district

If the city council, following the public hearing, desires to establish the proposed property and business improvement district, and the city council has not made changes pursuant to Section 36624, or has made changes that do not substantially change the proposed assessment, the city council shall adopt a resolution establishing the district. The resolution shall contain all of the information specified in paragraphs (1) to (8), inclusive, of subdivision (b) of Section 36625, but need not contain information about the preliminary resolution if none has been adopted.

§ 36626.5. [Section repealed 1999.]

§ 36626.6. [Section repealed 1999.]

§ 36626.7. [Section repealed 1999.]

§ 36627. Notice and assessment diagram

Following adoption of the resolution establishing district assessments on properties pursuant to Section 36625 or Section 36626, the clerk of the city shall record a notice and an assessment diagram pursuant to Section 3114. No other provision of Division 4.5 (commencing with Section 3100) applies to an assessment district created pursuant to this part.

§ 36628. Establishment of separate benefit zones within district; Categories of businesses

The city council may establish one or more separate benefit zones within the district based upon the degree of benefit derived from the improvements or activities to be provided within the benefit zone and may impose a different assessment within each benefit zone. If the assessment is to be levied on businesses, the city council may also define categories of businesses based upon the degree of benefit that each will derive from the improvements or activities to be provided within the district and may impose a different assessment or rate of assessment on each category of business, or on each category of business within each zone.

§ 36628.5. Assessments on businesses or property owners

The city council may levy assessments on businesses or on property owners, or a combination of the two, pursuant to this part. The city council shall structure the assessments in whatever manner it determines corresponds with the distribution of benefits from the proposed improvements and activities.

§ 36629. Provisions and procedures applicable to benefit zones and business categories

All provisions of this part applicable to the establishment, modification, or disestablishment of a property and business improvement district apply to the establishment, modification, or disestablishment of benefit zones or categories of business. The city council shall, to establish, modify, or disestablish a benefit zone or category of business, follow the procedure to establish, modify, or disestablish a parking and business improvement area.

§ 36630. Expiration of district; Creation of new district

If a property and business improvement district expires due to the time limit set pursuant to subdivision (h) of Section 36622, a new management district plan may be created and a new district established pursuant to this part.

§ 36631. Time and manner of collection of assessments; Delinquent payments

The collection of the assessments levied pursuant to this part shall be made at the time and in the manner set forth by the city council in the resolution levying the assessment. Assessments levied on real property may be collected at the same time and in the same manner as for the ad valorem property tax, and may provide for the same lien priority and penalties for delinquent payment. All delinquent payments for assessments levied pursuant to this part shall be charged interest and penalties.

§ 36632. Assessments to be based on estimated benefit; Classification of real property and businesses; Exclusion of residential and agricultural property

(a) The assessments levied on real property pursuant to this part shall be levied on the basis of the estimated benefit to the real property within the property and business improvement district. The city council may classify properties for purposes of determining the benefit to property of the improvements and activities provided pursuant to this part.

(b) Assessments levied on businesses pursuant to this part shall be levied on the basis of the estimated benefit to the businesses within the property and business improvement district. The city council may classify businesses for purposes of determining the benefit to the businesses of the improvements and activities provided pursuant to this part.

(c) Properties zoned solely for residential use, or that are zoned for agricultural use, are conclusively presumed not to benefit from the improvements and service funded through these assessments, and shall not be subject to any assessment pursuant to this part.

§ 36633. Time for contesting validity of assessment

The validity of an assessment levied under this part shall not be contested in any action or proceeding unless the action or proceeding is commenced within 30 days after the resolution levying the assessment is adopted pursuant to Section 36626. Any appeal from a final judgment in an action or proceeding shall be perfected within 30 days after the entry of judgment.

§ 36634. Service contracts authorized to establish levels of city services

The city council may execute baseline service contracts that would establish levels of city services that would continue after a property and business improvement district has been formed.

§ 36635. Request to modify management district plan

The owners' association may, at any time, request that the city council modify the management district plan. Any modification of the management district plan shall be made pursuant to this chapter.

§ 36636. Modification of plan by resolution after public hearing; Adoption of resolution of intention; Modification of improvements and activities by adoption of resolution after public hearing

(a) Upon the written request of the owners' association, the city council may modify the management district plan after conducting one public hearing on the proposed modifications. The city council may modify the improvements and activities to be funded with the revenue derived from the levy of the assessments by adopting a resolution determining to make the modifications after holding a public hearing on the proposed modifications. If the modification

includes the levy of a new or increased assessment, the city council shall comply with Section 36623. Notice of all other public meetings and public hearings pursuant to this section shall comply with both of the following:

- (1) The resolution of intention shall be published in a newspaper of general circulation in the city once at least seven days before the public meeting.
- (2) A complete copy of the resolution of intention shall be mailed by first class mail, at least 10 days before the public meeting, to each business owner or property owner affected by the proposed modification.
- (b) The city council shall adopt a resolution of intention which states the proposed modification prior to the public hearing required by this section. The public hearing shall be held not more than 90 days after the adoption of the resolution of intention.

§ 36637. Reflection of modification in notices recorded and maps

Any subsequent modification of the resolution shall be reflected in subsequent notices and maps recorded pursuant to Division 4.5 (commencing with Section 3100), in a manner consistent with the provisions of Section 36627.

§ 36640. Bonds authorized; Procedure; Restriction on reduction or termination of assessments

- (a) The city council may, by resolution, determine and declare that bonds shall be issued to finance the estimated cost of some or all of the proposed improvements described in the resolution of formation adopted pursuant to Section 36625, if the resolution of formation adopted pursuant to that section provides for the issuance of bonds, under the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500)) or in conjunction with Marks-Roos Local Bond Pooling Act of 1985 (Article 4 (commencing with *Section 6584*) of *Chapter 5 of Division 7 of Title 1 of the Government Code*). Either act, as the case may be, shall govern the proceedings relating to the issuance of bonds, although proceedings under the Bond Act of 1915 may be modified by the city council as necessary to accommodate assessments levied upon business pursuant to this part.
- (b) The resolution adopted pursuant to subdivision (a) shall generally describe the proposed improvements specified in the resolution of formation adopted pursuant to Section 36625, set forth the estimated cost of those improvements, specify the number of annual installments and the fiscal years during which they are to be collected. The amount of debt service to retire the bonds shall not exceed the amount of revenue estimated to be raised from assessments over 30 years.
- (c) Notwithstanding any other provision of this part, assessments levied to pay the principal and interest on any bond issued pursuant to this section shall not be reduced or terminated if doing so would interfere with the timely retirement of the debt.

§ 36641. [Section repealed 2001.]

§ 36642. [Section repealed 2001.]

§ 36643. [Section repealed 2001.]

§ 36650. Report by owners' association; Approval or modification by city council

(a) The owners' association shall cause to be prepared a report for each fiscal year, except the first year, for which assessments are to be levied and collected to pay the costs of the improvements and activities described in the report. The owners' association's first report shall be due after the first year of operation of the district. The report may propose changes, including, but not limited to, the boundaries of the property and business improvement district or any benefit zones within the district, the basis and method of levying the assessments, and any changes in the classification of property, including any categories of business, if a classification is used.

(b) The report shall be filed with the clerk and shall refer to the property and business improvement district by name, specify the fiscal year to which the report applies, and, with respect to that fiscal year, shall contain all of the following information:

- (1) Any proposed changes in the boundaries of the property and business improvement district or in any benefit zones or classification of property or businesses within the district.
- (2) The improvements and activities to be provided for that fiscal year.
- (3) An estimate of the cost of providing the improvements and the activities for that fiscal year.
- (4) The method and basis of levying the assessment in sufficient detail to allow each real property or business owner, as appropriate, to estimate the amount of the assessment to be levied against his or her property or business for that fiscal year.
- (5) The amount of any surplus or deficit revenues to be carried over from a previous fiscal year.
- (6) The amount of any contributions to be made from sources other than assessments levied pursuant to this part.

(c) The city council may approve the report as filed by the owners' association or may modify any particular contained in the report and approve it as modified. Any modification shall be made pursuant to Sections 36635 and 36636.

The city council shall not approve a change in the basis and method of levying assessments that would impair an authorized or executed contract to be paid from the revenues derived from the levy of assessments, including any commitment to pay principal and interest on any bonds issued on behalf of the district.

§ 36651. Designation of owners' association to provide improvements and activities

The management district plan may, but is not required to, state that an owners' association will

provide the improvements or activities described in the management district plan. If the management district plan designates an owners' association, the city shall contract with the designated nonprofit corporation to provide services.

§ 36660. Renewal of district; Transfer or refund of remaining revenues; District term limit

(a) Any district previously established whose term has expired, may be renewed by following the procedures for establishment as provided in this chapter.

(b) Upon renewal, any remaining revenues derived from the levy of assessments, or any revenues derived from the sale of assets acquired with the revenues, shall be transferred to the renewed district. If the renewed district includes additional parcels or businesses not included in the prior district, the remaining revenues shall be spent to benefit only the parcels or businesses in the prior district. If the renewed district does not include parcels or businesses included in the prior district, the remaining revenues attributable to these parcels shall be refunded to the owners of these parcels or businesses.

(c) Upon renewal, a district shall have a term not to exceed 10 years, or, if the district is authorized to issue bonds, until the maximum maturity of those bonds. There is no requirement that the boundaries, assessments, improvements, or activities of a renewed district be the same as the original or prior district.

§ 36670. Circumstances permitting disestablishment of district; Procedure

(a) Any district established or extended pursuant to the provisions of this part, where there is no indebtedness, outstanding and unpaid, incurred to accomplish any of the purposes of the district, may be disestablished by resolution by the city council in either of the following circumstances:

(1) If the city council finds there has been misappropriation of funds, malfeasance, or a violation of law in connection with the management of the district, it shall notice a hearing on disestablishment.

(2) During the operation of the district, there shall be a 30-day period each year in which assesseees may request disestablishment of the district. The first such period shall begin one year after the date of establishment of the district and shall continue for 30 days. The next such 30-day period shall begin two years after the date of the establishment of the district. Each successive year of operation of the district shall have such a 30-day period. Upon the written petition of the owners or authorized representatives of real property or the owners or authorized representatives of businesses in the area who pay 50 percent or more of the assessments levied, the city council shall pass a resolution of intention to disestablish the district. The city council shall notice a hearing on disestablishment.

(b) The city council shall adopt a resolution of intention to disestablish the district prior to the public hearing required by this section. The resolution shall state the reason for the disestablishment, shall state the time and place of the public hearing, and shall contain a proposal to dispose of any assets acquired with the revenues of the assessments levied within the property and business improvement district. The notice of the hearing on disestablishment required by this

section shall be given by mail to the property owner of each parcel or to the owner of each business subject to assessment in the district, as appropriate. The city shall conduct the public hearing not less than 30 days after mailing the notice to the property or business owners. The public hearing shall be held not more than 60 days after the adoption of the resolution of intention.

§ 36671. Refund of remaining revenues upon disestablishment of district; Calculation of refund; Use of outstanding revenue collected after disestablishment of district

(a) Upon the disestablishment of a district, any remaining revenues, after all outstanding debts are paid, derived from the levy of assessments, or derived from the sale of assets acquired with the revenues, or from bond reserve or construction funds, shall be refunded to the owners of the property or businesses then located and operating within the district in which assessments were levied by applying the same method and basis that was used to calculate the assessments levied in the fiscal year in which the district is disestablished. All outstanding assessment revenue collected after disestablishment shall be spent on improvements and activities specified in the management district plan.

(b) If the disestablishment occurs before an assessment is levied for the fiscal year, the method and basis that was used to calculate the assessments levied in the immediate prior fiscal year shall be used to calculate the amount of any refund.
